## **SALTO invites all interested parties to participate in auditions for the circus arts course that begins in September 2022**

Online Auditions allows all candidates from all over the globe to try to become a SALTO student without any restrictions. It's a strong statement that we decide to do! So, we decide to adapt the Physical, Technical and Artistic tests that are part of the auditions in order to facilitate the composition of the videos to be sent by the candidates and create an equal platform for all.

In this way we reformulate not only the exercises and tests requested ,but also the documents that are necessary to send.
